Sir/Madam,

As you are aware, All India Council for Technical Education has been mandated under the AICTE Act, 1987 to ensure **maintenance of norms and standards** with regard to technical education in the country. In exercise of this mandate, the Council insists on fulfillment of the minimum requirements prescribed for imparting technical education by the institution so that **quality of courses** is not compromised and stakeholders are satisfied. The Council also undertakes an **annual Inspection** of the institutions and conveys deficiencies to them for **rectification**.

Such institutions suffer from **critical deficiencies** of faculty in proper cadre ratio's qualification, experience and other requirements. Feed back of students with regard to quality of education imparted by such institutions has evoked grave concern. The Expert Committees, following **holistic appraisal** during inspections, have also pointed out severe shortcomings in key areas.

The institution was allowed to be established in the year 2004-05. The Inspection and Appraisal have revealed that adequate steps to provide the requisite infrastructure necessary for imparting quality technical education have not been taken. The institution has been found to be suffering from several deficiencies which are listed in **Annexure-A** for your perusal of which faculty shortage is the most critical.

The deficiencies particularly faculty shortage have evoked grave concern and rendered the institution liable for strict punitive action including being placed in no admission/reduced intake category. However the Council has decided that yet another last opportunity may be given to the institution to improve the situation as you are still a fledgling institution.

It has thus been decided to extend approval in respect of the institution for the year 2005-06 as indicated below, subject to rectification of deficiencies by end of August, 2005. The Council shall monitor progress in this regard carefully and strictly and shall put your institution in **no admission/reduced intake category** for the year 2006-07 without any **further opportunity** in the event of your failure to comply with the aforementioned stipulations. The approved course(s) along with recommended intake for the year 2005-06 in respect Kanpur Institute of Technology, A – 1, Rooma Industrial Area, Kanpur., is as under:-
